

# Attention Grabbing Presentation Skills

## *Communicate, Captivate and Convince*

### OVERVIEW

No matter what career we are in, we all share the need to clearly communicate important information at some time or another with the intent of convincing others. Done incorrectly, we have the potential for failure and frustration. This workshop provides practical, effective methods to develop presentations and speeches and help you deliver the material with confidence. Top notch presentations will get you noticed and promoted.
